# What is \$CDA?

Candy area is a utility token based on the ERC20 standard.

All transactions on the candy area platform will be carried out in candy area.

The candy area token will be freely tradable on major exchange and is fully compatible with BNB wallets.

## Gaming - Play to Earn

Candy Area is a decentralized gaming project with the purpose to connect play to earn game with crypto and bring everyone as much fun and joy as possible.

Candy is aiming to bring crypto adoption to the mainstream with a unique concept by connecting adventure gaming with crypto.

## Area's Metaverse

What could be even more fun then going on an adventure with area?

Right, going on an adventure together with your friends in Area's Metaverse. Exciting Challenges, Quests and PvP Tournaments are waiting for you.

## Area NFTs

The Area NFT collection will consist of different Characters which you will be able to play in the Metaverse and Wearables which your character can wear.

## Area's NFT Marketplace

On AREAs NFT Marketplace you will be able to trade, buy and sell Characters and Items.

## Area Swap

Aiming to be the number 1 DEX for trading your favourite meme coins with the lowest fees.

# Disclaimer

Although there is no limitation on participation in the project, it is presented as a disclaimer to the information of the consumers that the investments of the third parties with the aim of making a profit in the product are under their own responsibility and that the developer team is not responsible for the damage mechanism that will occur otherwise.

## Vision

Candy Area offers to users a source of entertainment and income to a large extent, and aims to create an NFT ecosystem in the later stages of the project and to enable users to turn to digital art and to generate income from this digital art. It also aims to be innovative in generating income for third users.

## Mission

Candy Area is a game platform produced as a mobile application.

Candy Area's innovative approach in this area reflects the innovative approach that it offers a structure that will provide innovation to the users according to the success of the games, and that users can both have a pleasant time and earn income according to their game status.

The Candy Area project, which consists of a team of experts in the field, states that the revenue from the mobile app and token will be used to expand the project, to develop other projects, and to develop the project from sponsorship agreements with us.

# Project Values

## Community

Bringing the game model of the future and investors together.

Candy Area is shaped by the suggestions of the communities and provides competition.

## Inclusivity

Since Candy Area is identified with games played by everyone regardless of young or old, GameFi includes teaching Defi mechanisms in a fun way by gamifying them with NFT products

## Interconnectivity

Candy Area contributes to the creation of a new industry where the digital game industry meets with decentralized financial instruments.

# GAME

The main purpose of the game is for individuals to earn tokens by completing game tasks.

Tokens will be distributed to individuals who reach high scores on certain days.

To ensure the freedom of individuals to do what they want with the token income.

You can win tokens in **50,100,200** and **300th** section.

**At 50th section ~3.5\$**

**In 100 ~5\$**

**In 200 ~5\$**

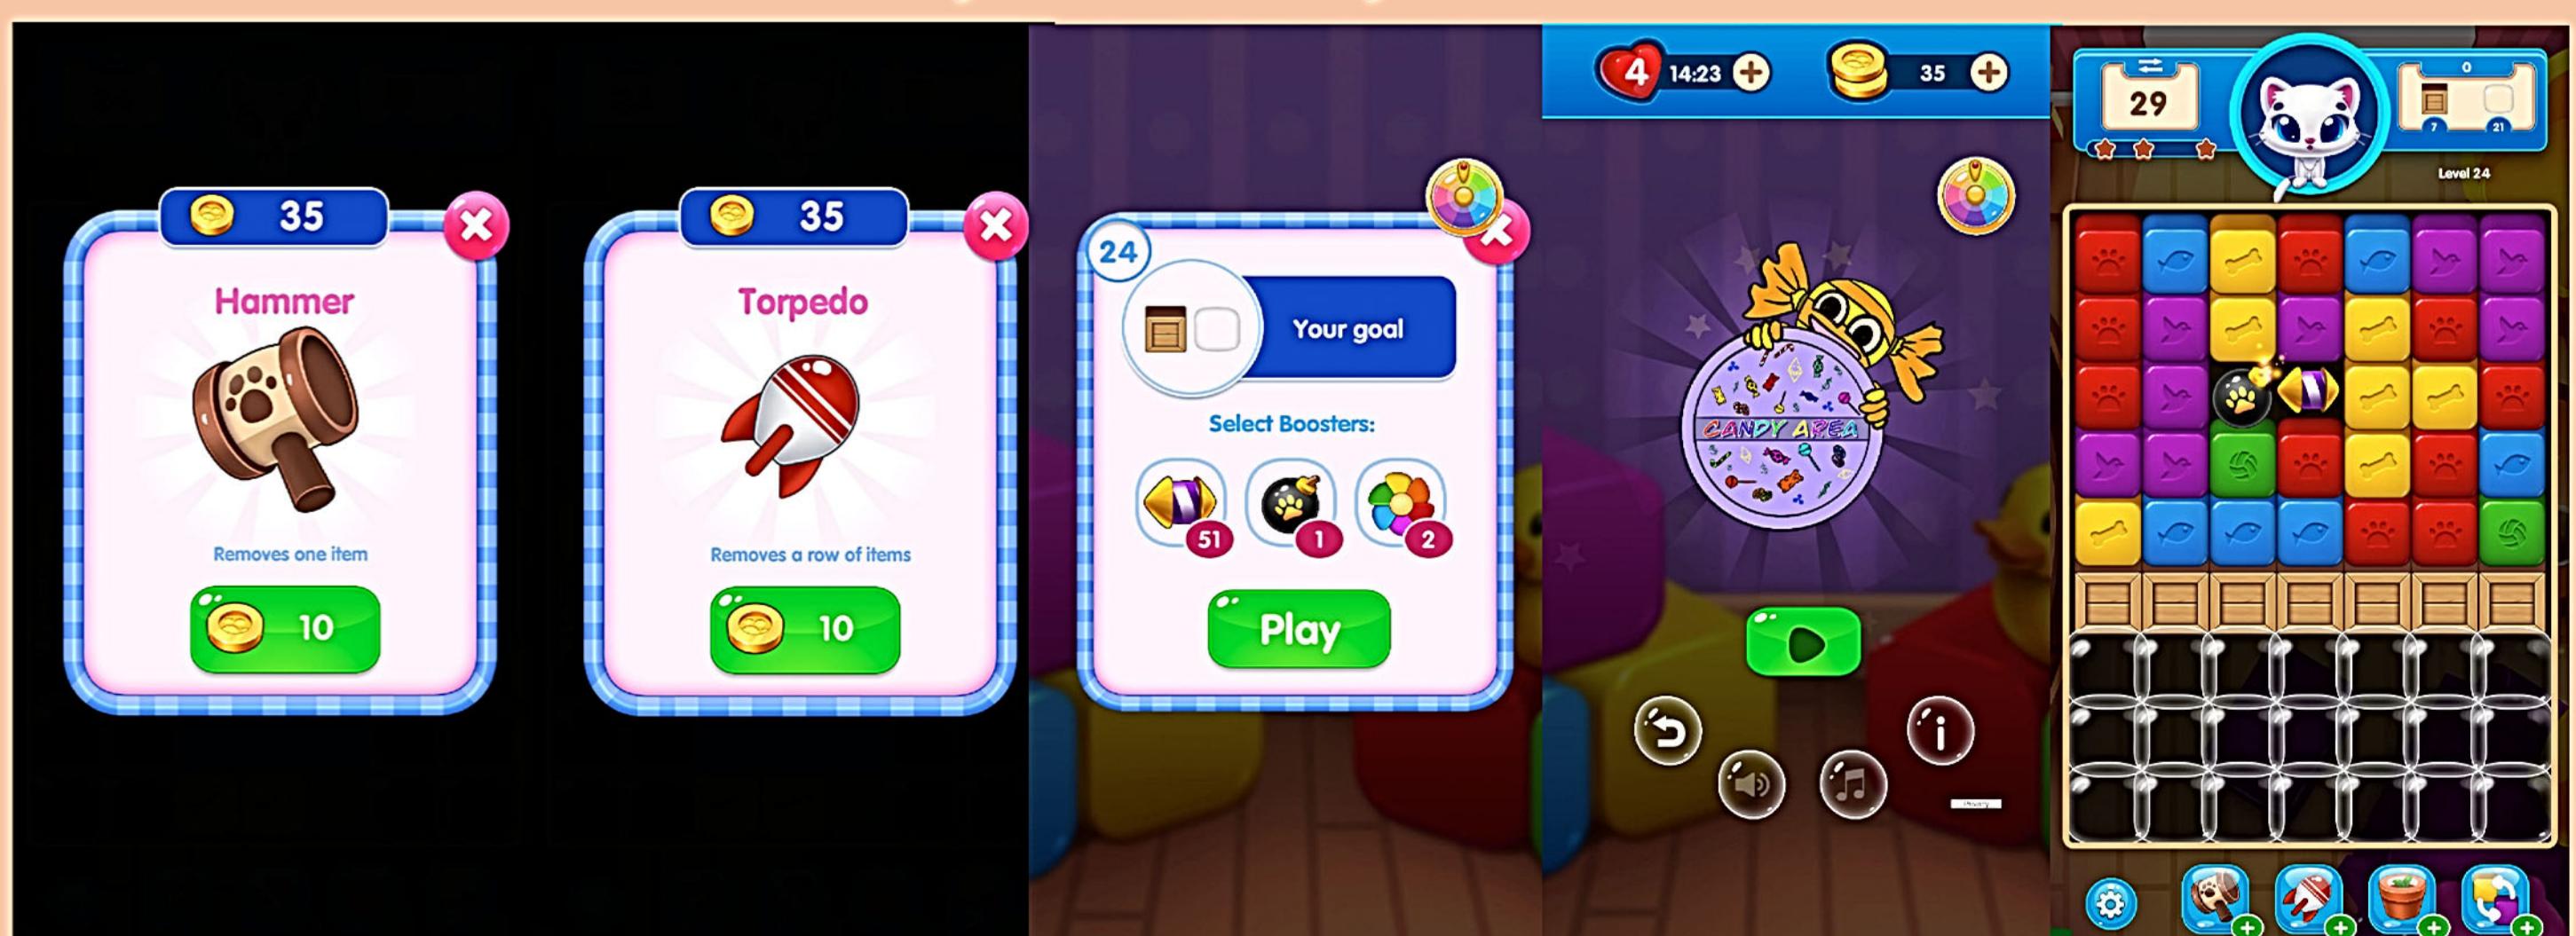

**In Final section (300th) ~11.5\$**

**Total : 25\$ after game.**

You just need a **metamask wallet!**

At 50th section a page will open and you will need to enter your **Telegram** name and address there.

Your reward will be with you in 1 day.

# Metaverse

## First Stage

At first you will be able to join C'Area on unique and exciting adventures.

Explore his world and defeat his enemies in a completely new type of single player mode.

Also, you should not forget to collect as much in-game coins as possible as they are reflecting C'Area Tokens.

An exciting play to earn jump and run game waits you

## Second Stage

To increase your possible fun within C'Area's world even further we will add the possibility to go on adventures together with your friends.

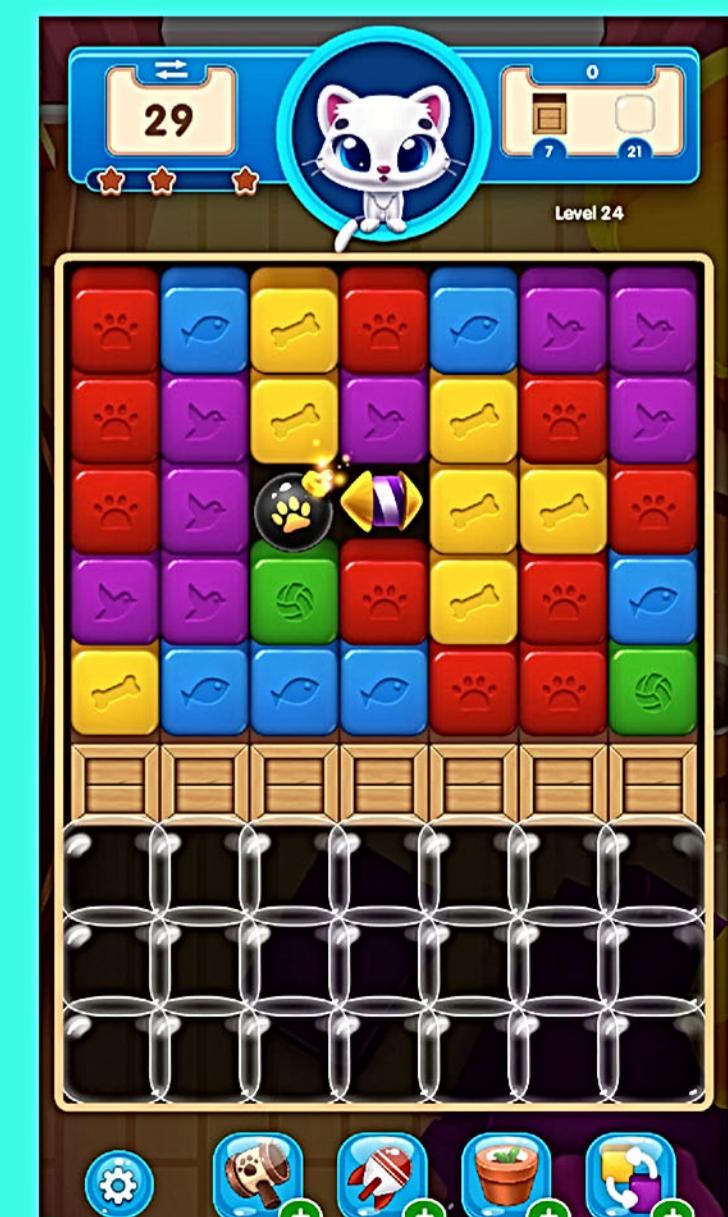

You will have an endless possibility of things which you can do in C'Area's world.

Together with your friends, you will be able to earn C'Area Tokens by completing challenges and quests.

Also, Candy Tournaments against your friends or global tournaments will be introduced.

# NFT

With a unique NFT collection we will add another great feature to the ecosystem.

A wide range of extraordinary characters and items will be available.

As you might already thought, you will also be able to play the characters you own within the Metaverse and wear the items.

Stand of the crowd by exploring the Metaverse with a rare character or by wearing rare items.

Everything will be possible in Shiboshis world, just have a look.
